

NEW GYM LIGHTS!!!

It's brighter than ever in our High School Gym! We have several improvement projects planned this year. Our gym is the most visited building on our school grounds, and we need to make it shine! So many great memories have been made in this gym, and those won't be lost by the upgrade! We plan to give our gym a much needed "make-over" with fresh paint from top to bottom and new championship banners to highlight our Bulldog accomplishments and let our rich history shine!
